ABOUT ME

I am a full stack web developer with a passion for creating interactive and responsive web applications. I have experience working with JavaScript, React, Node.js, Express, Mongodb, HTML, CSS, and Git. I am a quick learner and I am always looking to expand my knowledge and skill set. I am a team player and I am excited to work with others to create amazing applications.

EXPERIENCE

- I have one year of experience working with MERN stack but not worked for any company.
- I have good command in MERN stack and developed two fullstack websites with MERN stack.

PROJECTS

Complaints Managment System

- Students and staff use college computers for their academics and teaching purpose.In case if they face an issue they can raise an issue with my website and related technician will be get assigned to the issue and the technician solves it
- I used react.js , express.js , node.js , mongodb to store the data. In addition to this I used JWT,,bycrpt.

My Protfolio

- I used react.js and css to make my protfolio website.
